Growth and Development

In the Toddler room you can expect to find us...

Dancing

Playing Outside

Creating Artwork

Doing Puzzles

Reading

These daily activities are modified to meet the specific needs of your toddler. Our teachers use daily activities to help your toddler approach developmental milestones like: walking alone, speaking in small sentences, and sorting shapes and colors.

Classroom Rules and Policies

SCPITC: We maintain a low teacher-to-student ratio (1:5, or less) in accordance with the South Carolina Program for Infant/Toddler Care. Our small group size allows more one-on-one interaction.

Kaymbu Daily Reports: These reports are sent to you daily to inform you of what your toddler did during the day and to serve as an open line of communication with your teachers. *Photos and Videos are also sent through Kaymbu!*

** Please note that this is not a potty-training class. Potty training begins in the Tigers Classrooms**
